SOCIAL DETERMINANTS OF HEALTH

Healthy People 2020 Model

Economic Stability: poverty, employment, food insecurity, housing instability

Education: high school graduation, enrollment in higher education, language and literacy, early childhood education and development

Social and Community Context: social cohesion, civic participation, discrimination, incarceration

Health and Health Care: access to health care, access to primary care, health literacy

Neighborhood and Built Environment: access to foods that support health, quality of housing, crime and violence, environmental conditions
