- Tina is in 8<sup>th</sup> grade, anxious to enter high school. She is an honor student, but wishes she could be more involved in extra-curricular activities at school. On the weekends she usually attends Mass, and most of her social life revolves around her church activities on the weekend.
- Mom works the evening shift as a unit secretary in a local hospital so Tina has to go home directly from school to take care of her younger twin brother and sister.
- On a regular basis, a family friend, Chester, comes over to help out. He was a friend of Tina's Mom and Dad and was extremely supportive during Tina's father's terminal illness and after his recent death. He often brought the family groceries, loaned them money, helped them pay bills, and sometimes made repairs in the home.
- Chester recently began coming to the home while Tina's Mom was at work. He would play with Janie and Tommy, and often he helped them with their homework. He asked the children not to tell their Mom that he was coming. He wanted their improvements in grades to be a surprise to their Mom.
- Tina's Mom owns a 2009 Ford Taurus.
- The children are able to walk to and from school.
- Tina's Mom has a low premium high co-pay/deductible health insurance plan from her job.
